Prologue

“This time when I got tired I had second thoughts. I had to be careful of heat stroke.”

“Tired.”

“Fatigue caused by lack of water.”

I finish greeting my superior and leave the rest station.

“On second thought its so hot so come back quickly.”

On the way home I went to the supermarket and got a boxed lunch. While walking home I played a game on my smartphone. Its the type where you have to defend from intruders by means of tower defence.

“Aaa, someone is attacking? Thats too much.”

I check the screen and it seems though I lost a bit of stuff the NPC also ran away.

“It was a bit strong, do I have to re-arrange.”

PAAAAA !!

“What the heck.”

I hear the horn of a car sounding again and again.

There seems to be a little girl crouched in the road.

“That Idiot !”

I don't know whether the girl heard the horn or not but the car driver isn't trying to avoid her either. I ran in and pushed the girl away but at that moment I was given a awful shock and my consciousness faded away.

“Hey, get up.”

I had this nostalgic feeling, someone was shaking my body and trying to wake me up like my little sister used to do.

“GET UP!”

“Ai”

I encourage myself to get up.

“Finally you get up.”

When I looked at the direction of the voice I didn't recognize the girl it came from.

“Well, who are you?

“My name is..... Well people call me Tia.”

“Tia right? Where are we?

“To be frank, you died right?

“Ha?”

“I think you died from a road accident.....”

“I know how I died.....”

“Its God's wish..... Theres nothing I can do.”

“In that type of situation your only going to get hurt.”

“I didn't plan to die....and.... It was awkward and unplanned.”

“What do you mean?”

“Why didn't the driver move out of the way.”

“I remember it, the car sounded a horn?”

“Its because the driver fell asleep and pressed on the horn.”

“Naaa!”

“This why it looks like suicide, you jumped infrom of a truck while the driver Is asleep?”

“BULLSHIT ! !”

“Stop it, you die without permission and then attempt to scold me !”

The girl who was a goddess and should be helping me tured out to be my biggest loss. Im so upset I want to cry.....

Chapter 01

“Well, that’s fine, you cannot go back to your previous world.”

“What?”

“Your death has already been confirmed, if you revive now, you will be treated as a zombie and will be experimented in a facility, is it alright?”

“Stop kidding me.”

“Well, it cannot be helped, I will let you reincarnate in a different world, but is there any wishes?”

“Damn, don’t ignore me.”

“I am not ignoring, just hurry up and say your wish.”

Not ignoring, but you do not want to hear my opinion....

“Let’s see, how about a job that can make things. And it’s and opportunity so, I would like to return to 16 ~ 17yrs.”

“I got it, then let’s go.”

“Ha~?”

“Take care.”

Like a certain theme park’s big sister, Tia waving her hand at me with a big smile on her face and I lost my consciousness.

“We are here, wake up.”

“Uu~, where am I?”

“The World that I explained.”

“U~...”

I sat up and looked around. I am on top of a bed sleeping, then there was a desk and my smartphone on it.

“There is nothing here, how do I make my livelihood?”

“E~to, the thing that you carry, is it called a smartphone? I chose a world that is close to the game you are playing in it.”

“Hmm?”

“By the way, you are the master of this dungeon and be careful you will die if the treasure of the dungeon is robbed.”

“Huh?!”

“Well, same as that game, if you defeat intruders you can get points. With the points you can buy demons and also can buy household goods.”

“Oo~u~”

“Also, without knowing anything, it would be painful, hey come here.”

“Nice to meet you, I am Lumidora, who will be in-charge of this dungeon.”

“If you tell her, she will prepare anything from demons to living supplies, but only by exchanging points.”

“I see.”

“By the way, How many points are available?”

“There is none.”

“Ha?”

“I am saying none.”

“Oi, what do you mean?”

“I am saying, randomly hunt few monsters or animals around here and save some points. Are you stupid?”

For that line, I somehow endured on hitting Tia.

“I understand, instead is there anything like a knife or something?”

“There is no such thing?”

“Wha...”

“Battle with that body, do not you even know that?”

“Teme~e...”

“What are you?”

In anger I forget about myself and pushed down Tia.

“That hurts! Wait... what are you doing...”

I ripped Tia’s clothes, who was pushed down.

“Iiya! Why are you able to touch me!”

Tia shouting something, but I ignored her and suck on her chest.

“Wait, aa~ no, stop it.”

“Shut up!”

Screaming Tia’s panties are scattered and I saw it.

“What’s this, you do not have hair there, were you still a shaved one?”

Look at Tia’s that place not growing hair and looked down to her as if mocking.

“Iiya, why are you ...?”

Kachakaka

Remove the belt of the trousers, take out my son who is in a full erect position.

“Wha... what? No way, do not tell me?”

“Hora, just give up.”

My son placed on Tia’s that place and pushed it hard into the unwetted vagina.

“Iiyaa! it hurts! it hurts!”

“Shut up, quickly get wet.”

“Stop it! It hurts!”

“Shut up, Oi oi, are you feeling it by getting raped?”

“Iiyaa.”

“You gotten wet, this nympho is feeling while being raped.”

“No.”

“Oh, it feels good, it’s been a long time, it is about to be good soon.”

“Stop, not inside!”

“What? You want it inside?”

“No!”

“Come on! Receive it!!”

“Iiyaa!”

By pushing my waist to reach the deepest place and unleashed my semen inside.

“Ah awful.”

“Oh ~ It felt good, that’s a goddess for you, this is most pleasant ever.”

From Tia’s that place I took out my thing, blood that is a proof of purity with my semen came out.

“Is it your first time?”

“I told you to stop...”

“I cannot be helped, I will do it gently next time.”

“What?”

“Did you think that it was the end?”

“Iiyaa!”

Then, I did 4 times and fell next to Tia.

“I am tired.”

“Uu~...”

“Oi, what’s wrong?”

“It’s not what’s wrong? Being committed by a human...”

“My bad. It can not be helped because you are too cute.”

Well, initially I attacked her because of anger, but later Tia’s panting under me is pretty cute.

I could not stop it.

Since, it cannot be helped I hug her while stroking her head.

“Uu~, why did I for such a guy?”

“What’s is it?”

“Nothing!”

By the way, the first one was on the ground but now on the bed.

“Look Tia, calm down.”

“Wha... chu...”

If she makes a lot of noise more than this, it will be troublesome, so I closed her mouth with mine.

“Is it OK now?”

“Woah!”

When we are in middle of doing it, who seems to be in this room. Lumidora-san started talking to us.

“What’s going on?”

“Intruders are coming, if it is as it is, treasure will be robbed and you will die. Is it alright?”

“eh?!”

“What!”

Along with me Tia cries out loud.

“Strange, to find this dungeon so quickly.”

“Oi Tia, I don’t want to die soon after reincarnating!”

“I am thinking now!”

Thus, the first intruders had come.

Chapter 02

While Tia is thinking about something, I also think about what I can do and I look at the screen of the smartphone.

There are four people? They have fluffy ear's on their head and can see a tail like a fox grows behind them.

“That is... It is a race called a beast-man”

“Do you know Lumidora-san?”

“Yes, of course.”

“I know!”

When talking with Mr. Lumidora, Tia shouts with unimpaired appearance.

“Oi, what's wrong Tia?”

“I cannot help you directly, so let me pass you my protection.”

“What is a protection?”

“Never mind just see the status on your smartphone.”

“I understand.”

Just as I was told, I operate the smartphone to see the status.

“Dress up quickly! Do not show me such a thing!”

“Such a thing? You were licking happily at latter part.”

“Ttsutsu! Just put on pants!”

Scoulded by Tia, for the time being I wear pant and a shirt.

“I can’t believe you.”

“I Know.”

“Really...”

For the time being in order to calm her down closed her lips.

“Should be fine.”

“I cannot believe you...”

“So, what kind of skill is goddess protection?”

“I think you have noticed, but saying +50 later part of the status is the protection of the goddess. ”

“Wow~ is such a terrible skill.”

“Well, that protection given to those who were loved by the goddess”

“Ha?”

“Ru Lumidora!”

“Ara ara, Tia-sama please calm down, is not it good now?”

“What do you mean?”

“In fact, it is that Kyosuke’s death was decided.”

“Hmm?”

“It is because Tia-sama made demand, In this world in the form of incarnation greeted you.”

“What do you mean?”

“Before once Tia-sama saw Kyosuke-sama, was fascinated by your figure and fell in love. Since then, she went to Earth many times to see Kyosuke-sama.”

“Tia?”

“Uoooo...”

Tia made her face red and dives on to the bed.

“Just the other day when I went to a friend, I was told that Kyosuke was destined to die. From the thought of wanting to help, by asking and it turned out to be a reincarnation to this world. ”

“Somehow, the story is different...”

“Well, by the way Goddess’s protection originally attached.”

“Don’t say that yo~.”

Tia push her face against the pillow is cute, but now is not that time.

“Well, to put it briefly, Tia-sama who likes Kyosuke-sama in order live with Kyosuke-sama forced you to reincarnate in this world.”

“It’s a lie?”

I did unforgivable, I pushed over Tia who likes me and raped her.

“Sorry, Tia.”

“Uoo~ Lumidora, talk too much~.”

“Is it not good anymore, please be honest?”

“Tia...”

“Uoo~ Kyosuke, I really like you.”

At that moment, [dotadota] with a loud voice four adventurers come in.

“Well — It’s a straight line to the dungeon master, it’s a warm dungeon.”

“Oh, absolutely, Hey, look at that those girls, they are good girls and they look delicious.”

“Well, after killing that fellow, let’s put together those two people and love

them.”

The adventurers who stepped into the important stage called Tia’s confession, three men come forward looking at Tia’s body like licking and the fox girl was left behind.

“How dare you disturb me...”

“Oh? You mean to put it in early?”

“Gihahaaha!”

“I’ll put it in immediately, so get wet!”

I can see something behind Tia...

“Get lost...”

“Ah-oh!”

“Gyaaa!”

“Gya aaaa!”

“Na~tsuu gyaaa~a!”

When Tear muttered something, the beasts were wrapped in light and were erased away without a trace. The fox girl who was in a little away place seemed to have fainted “Scum bags.....”

“Tia?”

“Ah!”

Remembered my existence, Tia frightened like a child whose mischief was found out. But, I was alive with the opponent who can do such things...

“Are you okay?”

“Umun.....”

“Tia-sama, follow up...”

“I do not dislike tia. At first, I certainly have feelings because of you, I’ve done something terrible, but now I am in love.”

“Kyosuke, are you not angry?”

“Ah”

When spreading both hands and welcoming Tiar, Tia hugs with tremendous momentum.

“Kyosuke!”

“Yoshi, yoshi”

“Kyouusuke — I love you~.”

“I understand, I also love you.”

“Kyouusuke-sama, Tia-sama, please do something sooner about the dungeon. If it is done so slowly, the next adventurer will come and also about that intruder do something. ”

“Righ... right,”

“Oh, I do want to do it slowly.”

Patting the Tia’s head. I look towards the smartphone and start the operation

Chapter 03

For the time being we made sure the fox girl does not move.
Together with Tia, we look at smartphone screen.

“Yeah, the points are accumulated.”

“Well, it was because I got ridden of the intruders.”

“Was it good?”

“Well, this time it’s service.”

“Thank you.”

“Ah.”

Kissing while giving thanks to Tia will make her face red and looks down.
That’s cute!

“But, is 4000 points expensive?”

“What do you think Lumidora?”

“Well, that number is enough to increase the floor by one.”

“fumufumu tte, if you use all the points on a single floor, there will be none left!”

“That will be true.”

“Kyosukee~ I want to take a bath.”

“Oh, that’s right.”

After all it was after the sex with Tia and then there was a fight with intruders.
Tia’s body covered with my sperm, Tia’s juice and sweat, it’s becoming sticky.

“Lumidora, I ask for bath and Tia’s clothes.”

“I understand, It will be 2000 points.”

From the smartphone screen 2000 points are reduced and a glass-enclosed bath is complete in the room.

Tia’s new clothes are same as the one she wore before.

“Tia, want to go in together?”

“Cho, I will not enter!”

“Oh, well then, go ahead before me. I have few things to take care off.”

“What? I got it.”

As Tia entered the bath, I returned my focused on the smartphone screen.

“At the front of the dungeon we need protection.”

“I agree.”

“Is there any suggestion for demons?”

“Well, maybe goblins and orcs do not need to do anything to increase, so it may be good to summon them, is not it?”

“Fumu.”

When I check on the screen, one goblin was 50 points and one oak was 70 points.

“Then, please give me 10 goblins and 10 orcs.”

“Hai.”

When Luomidora-san operates, the points are reduced by 1200 points. 10 orcs and 10 goblins are summoned in front of me, the goblins and the orcs were aligned with their heads lowered.

“Please, give an order.”

“You all go and get rid of the intruders, women should be taken alive.”

That said, Goblins and orcs went out of the room and scattered inside the dungeon.

“Haa~. It was a good bath.”

Tia comes out from the bath while wiping her hair.

“So, what happened?”

“I placed goblins and orcs for the time being.”

“Well, that’s fine, but is not it necessary for you to have your equipment as

well?”

“Is that so?”

“You have not noticed, but if you are against goblins and orcs as opponents, you can win 50 of them with ease, you know?”

“Huh?”

“That’s right, if with the power of Kyosuke-sama, the intruders before were defeated with ease.”

“What do you say!”

“Well, goblins and orcs will increase over time, and at worst by killing them you will get points back, so is not it good?”

“Is that so?”

“If it was points for ten, you would recover it in three days if killed all the babies born?”

“Huh, is that not infinite growth of points?”

“It will be, but I will not recommend it.”

“Well, I also do not want to kill my allies.”

“For the time being, even if cheap, you should buy weapons and armor.”

“That’s right.”

I operate smartphone to check equipment and buy the cheapest iron sword, leather armor and boots, which costed me 500 points. Then water and food are bought for 100 points.”

“200 points remaining.”

“What about that girl?”

“Ah~ I forgot.”

I completely forgot about the fox girl who was caught.

“How about making her a slave?”

“Ah, that’s good.”

“Is that so?”

“Yes, a slave cannot betray.”

“I see.”

“If it’s a slave collar, it comes at just 200 points.”

“then, let’s buy it.”

I bought a slave collar at 200 points and headed to the sleeping fox girl.

“Hey, is not this a slave collar?”

“That’s right.” (Tia)

“I am sorry, I did not notice that she was already wearing it.”

“Ugh.”

Fox girl wakes up and her eyes meet with my hand holding a collar.

“Hii!”

“Ah, your companions were killed by me.”

“To be exact, by me.”

Tia says something in the back, but I let it slide.

“Do you mean masters-desuka?”

“If the masters were the ones who you followed with, then they are the ones.”

“Then, are you the new master, are not you?”

“Is that so?”

“Yes, when a master of a slave dies the ownership changes, Kyosuke-sama is the new owner now.”

“I see, then what’s your name?”

“Yes, my name is Kuon.”

“Then Kuon, tell me about you.”

“Yes.”

Kuon starts talking, the story goes like this, she is looking for medicinal herbs in

the forest.

She encounters a slave hunter while searching herbs. She was sold as a slave in this neighboring village, was bought yesterday and then brought here.

Since Kuon can use magic, she was bought as a recovery user, and while they were adventuring in forest this time got lost, then it began to rain so decided to take shelter in the cave.

In this dungeon, there are no monsters, so they ventured into the inner part of the dungeon.

Fortunately or unfortunate Kuon was not touched, she is still a virgin.

“I see.”

“Right Kuon, be at ease in front of me, I am not good at being respectful not used to it.”

“Un!”

“Naive.”

“But that is good part of him, is not it?”

“Ugh, right but....”

Tia was made fun of by Lumidora-san, Kuon is laughing cutely.

Chapter 04

Eventually points are reduced to zero, so I decided to go to bed, Tia on the right and Kuon on the left slept on both sides till morning greeting.

By the way, Lumidora-san put a bed by herself and was sleeping on the other side of the room.

Since I am wide awake, lift my body and check the surroundings.

“Um, nothing has changed from yesterday?”

“What are you saying? Isn’t it obvious.”

“What are you talking about, are not you?”

“Goo~ good morning.” “o fu ~ayougozaimashu.”

“Good morning Kuon.”

“Why are you ignoring me!”

I pull Tia forcefully and stole her lips.

“Chu.”

“Good morning Tia”

“Good morning Kyosuke.”

“Good morning.”

“Good morning Lumidora-san.”

“Ara, points are increased.”

“Eh?”

I confirmed the smartphone in a hurry, the points surely increased. Other than that, the number of goblins become 11 and the number of orcs become 14.

“Somehow orcs increased.”

“It seems some animals lost their way into the dungeon and may have been killed by goblins.”

“I see, why is there a difference in the number between orcs and goblins?”

“Is not it that the few goblins were killed by animals?”

“Hey~”「へえ〜」

I do not have a memory, but a silent prayer for the dead goblins.

“Then, how many points are increased?”

I checked the screen and it was increased by 500 points.

“Hey~”「へえ〜」 4000 points of adventurers were many, was not it?”

“That’s right~.”

“Thanks to me.”

“Kuon, were those adventurers strong?”

“I do not know the details, but if they can afford a slave, they may be skilled adventurers.”

“I see.....”

I did not get much information, but it would be fine.

“For the time being, what is missing in this room?”

“I want a kitchen.”

“Kuon, can you cook?”

“Yes, I am good at cooking.”

“Hey~”「ハゑ〜」

“I... I can also cook!”

“Well, I’m looking forward to Tia’s dishes.”

That’s the reason, I increased the kitchen room by spending 500 points.

“By the way, Tia is it fine to stay here?”

“Well, if I do not return soon, I will be scolded.”

“Do not overdo it?”

“Right.”

“When you have time come back here, at that time again... okay?”

“Un...”

With red face Tia hugs me, I embrace her and stroke her head.

“It cannot be helped, then I will return to work.”

“Ah, see you later.”

“Tia-sama, we are waiting for you to come again.”

“Tia-oneechan, see you later.”

“Lumidora, Kuon take care of Kyosuke.”

“Certainly.”

“Yes.”

Tia fades away and disappears while waving her hands.

“Well then, shall we have our meals, Kuon can I leave it to you?”

“Hai, I’ll do my best!”

Kuon went into the new kitchen, made food using ingredients I bought yesterday.

The dishes I had never seen before were lined up. Perhaps these are this world’s dishes.

“Un, it’s delicious.”

“That’s right, it’s delicious.”

“Thank you.”

After finishing the meal as it is, when relaxing, the alarm of the smartphone sets off.

“what is it?!”

“Kyaa!” (kuon)

“Oh, it seems an intruder. For an intruder to come everyday aren’t we popular~.”

“Why an alarm?”

“Ah, I set it when an intruder comes in.”

“There was such an useful function, is not it?”

While saying that, I check the screen of the smartphone, apparently there were five intruders and they were men.

The intruders did not put goblins in their eyes and enters the line where the orcs are living.

“Woah~ goblins decreased...”

“It seems 12 goblins reduced to 3.”

Similarly orcs are killed without resisting and their numbers are reduced.

“This is bad, they might come this far.”

“It seems they are skilled opponents, it may be tough for ordinary orcs.”

“I’m scared”

“Kuon, what magic can you do?”

“Well, light magic and support magic.”

“I see.”

“Lumidora-san can you fight?”

“Although I can fight, it was not included in the contract...”

“I see.”

“What should we do? Master.”

“Un... How do you see Lumidora-san?”

“Well, 1vs5, it would be unfavourable circumstance for us.”

“There are no points left!”

“There is no other choice but to reduce the numbers first...”

“Indeed... Kuon, Lumidora-san I came up with a plan lend me your ears.”
I told them the plan I come up with and move on to execution.

“But, I never would have thought a dungeon only with goblins and orcs.”

“Totally, is it really this neighborhood that he went missing?”

“By the guilds rumour, I heard it was around here.”

“Oi, I can see the door. Well, what kind of treasures are waiting for us?”

When he opened the door, he saw a fox girl who seemed to be a dungeon master and a maid woman beside her.

“Wow~ A woman dungeon master, let’s fuck before robbing the treasure.”

“Well, that maid looks delicious.”

“Aaa, I will get that fox girl.”

I heard a sound of falling something behind me, when I look back two of my friends are collapsed.

“Ah, you!”[teme~e]

“Oi, are you OK?”

“Bastard!”

“Whose woman are trying to put your hands on?”

Jump over the intruder’s head, landed in front of Kuon and Lumidora and faced the remaining intruders.

“You, I will kill you!”

“Damn brat!”

“Kuon!”

“Hai, flash!”

When Kuon casts magic, the whole room is engulfed by bright light.

“Gyaa!”

“My eyes!”

“It hurts!”

While intruders are blinded by the magic and cannot move. I moved around behind them and cut their necks.

“Fui~ operation success, Kuon good work.”

“I did it!”

“As expected of you two.”

With this, points are accumulated again.

Chapter 05

Thanks to the Kuon, who stood at the brunt end of the intruders this time and attracted the enemy's attention.

I stroked her head as a reward.

“Hehehe.”

“Good work, that was a wonderful response in unfavorable situation.”

“Thank you Lumidora-san, what has become of the damage here?”

“Hai[Yes], three goblins and five orcs are remaining.”

“Was more than half have been killed?”

“It seems, it was unexpected that number of orcs were reduced to this point.”

“My points...”

“That's right, how about converting intruders equipment to the points?”

“Is it possible to do that?”

“Yes, I will exchange it here.”

“Ah! Master-sama.”

“What? What's wrong Kuon?”

“I also want to be useful.”

“You are cooking. So you are plenty useful.”

“Well, I’d like to be useful in battle!”

“I see.”

Truely, that Kuon who can use magic will fight together with me, surely would be helpful.

“Was there any magician’s among previous intruders?”

“Although there was, I do not see any equipment which would fit Kuon-san.”

“Is that so?”

“Yes, from what I see, Kuon-san is not a magician, but a magical swordsman.”

“Is that so?”

“I can use magic, but I also learned sword in the village~.”

“Well then, let’s convert their equipments to points and buy Kuon’s equipment with that.”

“Hai!”[Yes]

“First of all, what shall we do with those corpses...?”

“Let’s bring them to a vacant room and use as a demons feed.”

“Ah~, that’s good.”

I ordered orcs and goblins to carry the corpses of adventurers to a vacant room. Leaving only equipment.

“Hey, by looks they are good equipment, is not it?”

“Well, but they are a bit bigger for Kuon-san to equip and Kyosuke-sama already have new ones.”

“That’s right, then please exchange for point.”

By exchanging 5 intruders and their equipments to points, it become 2,800 points.

“2,800 is much less than last time.”

“Last time’s 2,000 points out of 4,000 points are Tia-sama’s service.”

“What? Was not there no point?”

“By saying she wants to take a bath and payed for the bath’s points.”

“Tell me that you want to take a bath and spend your own bath with yourself”

“Oh, I see...”

That bath was built in order to Tia and I enter bath together when she comes here.

I confirmed the smartphone and searched for the Kuon’s equipment. After seeing various equipment result I bought a Kodachi which even Kuon can handle with single hand and Miko(shrine maiden) clothes for 1,500 points and handed it over to Kuon.

“Thank you!”

As it is Kuon enter the bath. I wait for her to change clothes and come out. They should definitely look good on her.

“Kyosuke-sama, your face looks malicious.”

“Hahaha, it’s just your imagination.”

Kuon changes into a Miko-Fuku(shrine maiden clothes), the figure of her put Kodachi(a sword little bigger than a knife and smaller than a short sword) was stabbed behind her waist clothes. Runs out from the dressing room.

Which caught my eyes, I stroked her head again.

“Kuon you are cute.”

“Thank you.”

Yeah, Even though expensive Miko clothes were right decision, fox child goes with Miko clothes.

Looking at happily moving ears and tail of Kuon, I relax by stroking them.

“Kyosuke-sama.”

“Eh! Yes”

Suddenly called by the Lumidora-san, I was surprised and replied.

“That’s right, let’s increase demons.”

“I understand, the demons that can be summoned at 1000 points would be here.”

“Un~”

Demons and animals that have never been heard. Superior species of goblins and orcs. There are various types of demons are present which make me confused.

“Is the upper species of this Orc also like an Orc reproductive ability?”

“Yes, children born will also be of the same upper species.”

“I see, then summon 2 of them.”

“Certainly.”

By the hands of Lumidora 2 orc knights are summoned immediately.

“Yoshi, you will handle the intruders separately at the entrance and middle of

the dungeon.”

Orc Knights nod their heads and left to take their positions. It will be good if the defense is hardened a little by this.

But, again the points become zero.

Present situation, this dungeon is a single layer with a room at the end of a simple maze and the back room is this room.

“I want to increase another floor soon... Also a room for Lumidora-san and Kuon’s room too.”

“I agree, I am worried if this floor has only this room. It would be helpful if I get a separate room.”

“Kuon will protect master! I do not need a room. Kuon is better to sleep with the master...”

Miko-fuku(Fuku= clothes) Kuon is too cute. Hugging and carried her to the bed.

“Kuon, if you do not want it, say it.”

“If it’s master, I am fine.”

“That *I am also there.*”

“I see, I will make it as gentle as possible.”

“Hai.”(Yes)

On top of bed, I took off Kuon’s Miko-fuku (shrine maiden’s clothes) and look at her beautiful body.

“Kuon, cute.”

“I am embarrassed.”

“Kuon.”

“Ah.”

I kiss Kuon and proceed to her chest.

“Iyaa, it is embarrassing, because I am small.”

Without saying anything, I put Kuon’s chest in my mouth and roll her nipple.

“Ahh, master.”

With Kuon’s cute panting voice, I move down to kiss her important part.

“Hii~ya! Master not that place, it is dirty.”

“It’s all right, Kuon’s that place is not dirty.”

“No... no way, a tongue has entered!”

“Sorrowfully, a tongue has entered!”

When I lick Kuon’s that place, Kuon holds my head while panting.

“Kuon [lick], it is tasty.”

“Master, master’s tongue feels good.”

After licking Kuon’ that place and raised my head to see her face. Kuon looks at me with lustful eyes.

“Master, I cannot take it.”

“Kuon, here I come.”

“Au~unn.”

While listening to Kuon’s muzzled voice, I advance my waist little by little.

“Annngunahha~a~!”

“Kuon, I will put all.”

“Ann fu~aa...!!”

My thing reaches Kuon’s most deepest part and everything is swallowed by her.

“Haa~, Kuon all of it entered.”

“Ha~a ha~a, I understand that you have.”

“are you okay?”

“Yes master, please do not hold back and please feel comfortable with Kuon’s...”

With the words of Kuon, I could not hold back any longer.

“Ann! Ku~u aa!”

“Kuon, I am cumming!”

“Aaaaaaaaaaaaaaaaaa!”

On Kuon’s deepest part and pour semen into uterus.

“Ahh, master’s warmth goes inside.”

“Ku~!”

After releasing everything inside Kuon. I collapse next to Kuon.

“Master, did Kuon done well?”

“Ah, you did well.”

“Hai”[yes]

By holding Kuon as it is, we slept.

“I am saying, I am there too!”

Leave only the sad cry of Lumidora-san.

Chapter 06

“Excuse me”

“That’s Kuon-san is pretty, but you two enter into your own world and also show that to me. What kind of torture is it? ”

“I am truly sorry.”

Now I am apologizing to Lumidora-san with full power, for some reason When I wake up after the incident with Kuon, Lumidora-san was sitting at the corner of the room.

When I asked her, if something happened? Even with Lumidora-san present, It seems for 3days against Tia and Kuon having fierce battle was the cause.

I am a girl too! I was in trouble when she said that.

“Rather Kyosuke-sama!”

“Yes...”

Listening to complaints from Lumidora-san regularly, when looking at the bed, Kuon was still sleeping.

“Are you listening properly!”

“of course!”

I feel like being preached for about an hour. My legs also became numb.

“Haa~ I hope you understand. I am sorry for a long time.”

“No, I am also sorry.”

“Uwa~!”

“Kyaa.”

[Dosaa]

Because of numbness in my legs, when I got up, I lost my balance and pushed down Lumidora-san.

Furthermore, my right hand grips her chest and I massaged with Funyafunya. My face is in front of Lumidora-san’s face and was kissing.

“Ah! I’m sorry...”

“Kiyaa nffu~u.”

Lumidora-san about to scream, so I hurriedly closed her lips. Of course with my lips, with the service to put the tongue further in her mouth. It is so called deep kiss.

“Lumidora.”

“Kyosuke-sama...”

“I want to make you mine.”

“Hai...”(Yes)

“Is it good?”

“Please donot ask me...”

When I bring my face closer to Lumidora again, a voice is heard from behind.

“Master.”

“Yes!”

In a hurry seperated from each other and sit down in seiza.

“Oh, Good morning”

“Good morning Kuon, did you sleep well?”

“Fu~ hai.”

“Both of you, why do not take a bath? Because the smell of yesterday still remains.”

“that’s right, Kuon should we take a bath together?”

“Hai.”(yes)

In this way I took Kuon into the bath, We wash each other’s body and sorc in the hot water.

“Fu”

“I feel good!”

“Oh, the tail of Kuon’s also is cute.”

“Hiyatsu!”

“Did it hurt?”

“Ano, it’s opposite, it felt good.”

“Really...”

I heard a good thing, let’s attack the tail next time by taking time.
Thinking so, I got up from the bath and return to the room.

“Lumidora”

“Hi yai!”

I do not know what she was doing, but Lumidora voice was little...

“I request Current status report.”

“Yes, there are five goblins, six orcs and four orc nights.”

“Really reproductivity is high and also in a day they grown to adults.”

“For these two races it is their selling point more than their strength.”
I feel fear in the high reproductive rate of goblins and orcs and their high growth speed.

It would be something like G...(G= cockroach) It seems that the points did not increase.

“Because the two adventurer groups were annihilated, this dungeon is likely to be targeted as well.”

“Well, this dungeon is likely to be recognized soon.”

“The information of adventurers is also wanted.”

“Your master, should I look it up in the city?”

“Can you do it?”

“Maybe, it’s okay...”

I certainly want information, but considering the risk that Kuon will not come back by any chance.

Come to think of that, it was only minus.

“No, Kuon is more important, I want Kuon stay here.”

“Yes!”

I patted Kuon’s head and I started thinking about the next plan.

“Then, how about using a familiar such as a birds?”

“Oh, that’s good as well.”

“Then, what shall I summon?”

“Oh, but I do not have any points?”

“Well, this time it’s just a service from me.”

“eh?!”

“Instead, next time do it properly.”

Lumidora moves next to me, whispers in my ear.

“So, what do you want?”

“Well, what will you recommend?”

“If it’s only for daytime pigeons and sparrows. And at night owls would be fine.”

“Ah ~ In the daytime it is an inconspicuous bird. And at night it is a bird that looks good at night.”

“Yes.”

“Well then, I’d like a sparrow.”

“Certainly.”

Summoned by Lumidora and a sparrow appears.

“Okay, you go to the town to explore the trends of adventurers.”

Chun

By uttering a single sparrow fluttered away.

“You can watch the live video at once, what do you do?”

“That’s right, Kuon prepare meal, I will be watching sparrow’s information.”

“Yes!”

Operate the smartphone, through the sparrow’s eyes, I can confirmed with sparrow vision.

At the place just out of the dungeon, I can see the trees of the forest with floating feeling.

“He~e~ That’s how it seen?”

“It is hard to see a little, is not it?”

“Because the screen is small.”

“I can prepare a slightly bigger screen too?”

“Is that so?”

“Yes, need points, but please leave it to me!”

“Oh, I will ask you next time.”

When I check the screen again, I can see five adventurers in the forest at the edge of the sparrow’s field of vision.

Immediately I instructed the sparrow and let it land on a tree near the adventurers.

A young adventurer party that is not well equipped, was resting in the forest. Two of five people are girls, one is most likely an elf.

“I have seen the elf for the first time.”

“I heard that number of adventurers are relatively larger than elves.”

“He~e~ even then, they often do come...”

“It seems to be able to get points today, is not it?”

“Is this dungeon known to the city already?”

“I do not think so, but...”

When I am worrying about, what to do with these adventurers? I hear the voice of Kuon.

“I prepared the meals~.”

“For the time being, let’s think about it after the meal.”

“I agree”

Three of us surround the table and taste the dishes that Kuon made.

“Yeah, Kuon cooking is delicious.”

“I totally agree.”

“Thank you.”

When I check the screen of the smartphone while eating, the previous

adventurers have come near by.

“Are they heading towards here?”

“No, I think probably, they are looking into this area.”

“I see, let’s make points by fishing with a goblin.”

“I see.”

We will lure the adventurers with one goblin as a bait on purpose and bring them into the dungeon.

“It was funny, they were lured easily.”

“I agree.”

“What happened?”

“Kuon do not have to worry about, I ask for soup seconds.”

“Yes!”

For starters goblin will lure them to a dead end and there Orc knight and I close off the exit is the strategy.

“Wait, you goblin!”

“Takkun, you are getting ahead of us~.”

“Totally, don’t cause us trouble.”

Following the goblin, go down the road, get to the dead end room.

“I finally caught up, die!”

“Guggua!”

By cornering the goblin cut it and cut out the subjugation proof parts.

“Yoshi, this is todays good hunt.”

“Takkun, you are too obsessed with single goblin~.”

“Brother, please think about everyone.”

“Oh~ my bad.”

“Well it’s Takkun for you.”

“That’s right.”

“Ah~ sorry but, this is my dungeon, so I will have you dead.”
Just as I planned, after luring them to a dead end. I closed the exit.

“What?”

“The exit is closed!”

“Brother!”

“We will deal with them and return to the city!”

“Yup!”

4 orc knights and I come forward to face them. It is first real war, but there is Tia’s protection, I just do not feel like losing!

First I cut a man who is a wizard and knocked out a girl to unconscious.

“Gya~a!”

“Kiyaa~!”

“Remaining 3 people.”

When turned backwards, orc Knight keeps in control the rest of the two and the last one killed 2 orc Knights and remaining 1 orc knight is fighting.

“He~e~ stronger than orc knight?”

“You, I will never forgive you!”

By avoiding the attacks of young man, I put my leg to make him fall and cut his legs.

Avoid attacks of young people who come up, hang their legs, roll them and cut their feet “Gya!”

“Noisy...”

“Tak-kun!”

“Taku..!”

“You too are noisy.”

I cut off the neck of a man whose orc knight is holding.

The neck separates from the torso and falls to the floor with a ‘gototo’ sound.

“Kiyaa!”

“Raisu! Youu~.”

“Noisy, you cannot even walk with those legs.”

“Ugaa!”

Put the sword on the leg of the fallen young man.

“Oh no, please, please help.”

“Hmm?”

“Please, like this Takkun will...”

“No, I have no other choice but his death.”

“I will do anything!”

“He~e~ Anything?”

“Hah hai!”(yes)

I head towards the girl who is slowly falling down.

“Name?”

“Iris.”

“He~e~”

I approached the iris silently and torn her clothes.

“eh?”

“Anything is okay?”

“Ah, nooooo!”

“Stop it!”

Two people screamed in the dungeon.

Chapter 07

“Noo! Stop it!”

“You said anything, aren’t you?”

“No, anything but that!”

“you... stop it!”

There is a guy shouting something, but I thought of ignore it and commit iris, but I decided to silence him because it is way too noisy.

“You are too noisy!”

“Gya~!”

By walking I approach him and kicked his chin. By sound of gokitto his jaw bone was broken. he lost his consciousness and stopped moving. I return to commit Iris once again.

“Tak-kun! I told you to stop, why?”

“You too also stop resisting...”

“Oh noo... nnn... chu...”

Hidding the torn part of clothes, Iris put her both hands in front of the bare chest.

I push and press down her body and stole her lips.

“Awful... I am saying you to stop... that place...”

By holding Iris down, I lick her chest.

“Stop it... ku~un... Noo...”

“What are you turned on? Is it only your mouth saying no?”

“No... different... a~a~...”

I will bring my face down as it is, it was moist already there.

“Well, then what is this?”

I thrust my fingers and stir it, honey comes from the deep, from the back everytime I stir it.

“Wow, it’s already this wet.”

“No!”

“Well then, what is this?”

Take wet bisho-basho hands in front of her face and show them.

“It’s a lie...”

“If it gets wet this much, it’s already good.”

“Gu~tsu... stop it...”

“That’s an adventurer for you, have you regained consciousness?”

“Takkun... it... it hurts...”

“Oh, I got in deep.”

“Noo... it hurts... pull out...”

“Iris! Stop it!”

“Oh, it feels good”

“Nooo... a~... nn~... ha~ha~...”

“Ah, it’s tight, really tight, you are turned on. It is immoral to feel when being fucked.”

“Different... Kuu... different...”

“Iris...”

“Noo... Tukkun... do not look...”

I kept fucking Iris in front of the man who just awoke. Is she getting excited about being seen? Honey begins to overflow rapidly. I keep shaking my hips without any resistance.

(You are reading translated from <http://novel44.blogspot.in/2017/04/different-world-dungeon-life.html>) “Ah... Noo... something coming...”

“That’s nympho for you, are you going to cum already? Then, I’ll put it inside.”

“Noo... Stop it, atleast not inside...”

“Cu... cumming!”

“Ah...don’t... cumming...”

“Irish!”

I thrust my hips and spit out semen at the deepest place, even though I should have put out yesterday and this morning.

Where have all this accumulated? All of it was put inside Iris.

“Fu~ It was quite good.”

“Noo...”

“Ah ah...”

The iris loses consciousness, the man stares at the empty space and mutters something.

Is he broken?

“Does Lumidora have any use for this man?”

“Well, man can also be a nursery?”

“Well then, let him make as orc knights nursery.”

“I understand, what will you do about the captured Elf woman?”

“Right, how many points are accumulated this time?”

“Well, with equipment it was roughly 1200 points.”

“Alright, can you make a prison?”

“Well, it should be fine.”

“Then make a prison and put her there.”

“Certainly.”

Put the elf in the newly made prison, take the iris who is fainted and returned to the room.

“Good work, master.”

“I’m home, Kuon.”

“Your master, who is that person?”

“She is this time’s one of the intruders.”

“What are you going to do, about her?”

“Let her sleep there, for the time being.”

“Yes”

have Kuon carry her to the bed and check my smartphone. Points were over 600 points, I made a room for Lumidora-san as it is. Remaining 300 points and furthermore 200 points disappeared to make a ranch like a wide hall for nursery floor.

In the room of Lumidora-san, there is no bath but the bed and the desk are equipped

At the last 100 points I bought a little larger table and four chairs and the points become zero.

“But two of the orc knights to be killed.”

“Well, if we kill that man, may have had about 500 points.”

“Oh well, let’s work hard for now on nursery.”

“Yes.”

“Master!”

Called by Kuon and headed to the bedroom, there was Iris who caught Kuon from behind and a small sword was placed around her neck and glaring at me.

(Translated by Novel 44 group) “If you do not want to kill this child, get back!”

“Master, forget about Kuon!”

“oioi, you cannot see the thing around her neck? I do not think anything about a slave’s death, but the moment you killed her, guess that all your living friends will die?”

I threaten Iris with murderous aura. I absolutely dislike to lose Kuon, but in this situation I thought that this was the best hand.

“No way...”

“Kuon!”

“Kyan!”

“Kya.”

The moment by surprise losing her strength, I called to Kuon and Kuon also

responded to it and came to me.

“Damn...”

“Are you all right?”

“Yes!”

“Well then, you need a punishment.” towards Iris “Your master, Kuno may do it?”

“Can Kuon do?”

“Yes!”

“Well then good, is not it?”

“Yes, I will do my best!”

Kuno ran to the iris and made her faint, tied her to the bed so that she could not move.

Licking the iris’s chest and other place.

“Because, I remembered it from master.”

“Ku~...What?... Eh? Kiyaa.”

“how is it?”

“No, that... nn~...”

“Nn~... ha~... ha~...”

Kuon also turned on and starts comforting herself.

“Ha~ ha~a... It feels good...”

“Ah... nn~... hah~...”

I was excited when I was watching, so I took off my trousers and placed before Kuon.

“Your master?”

“let’s go.”

“Ha... it feels good...”

“Ah ... don’t...”

“Woo!”

“Master-sama... Kuon... cumming....”

“Cum Kuon!”

“Aaaaaaaaaa!”

“Aa~ no good, cumming!”

Kuno and Iris are at the same time cum and I ended up cumming at the same time, pour the semen from the back of Kuon.

“Master”

“Kuon, good work.”

“I worked hard.”

“Is iris fainted again?”

“It seems so.”

“Ah...”

Apologizing to Lumidora-san who can see a dragon from her back, Iris was brought to the prison by Kuon.

I kept on apologizing to Lumidora-san until Kuon returned.

Well, there is no regret because inside Kyon it is so pleasant!

Chapter 08

I managed somehow about Lumidora-san. I asked dinner to Kuon who just returned and finished it.

After dinner, I look into the new room for nursery.

“Stop it!”

A scream of a man was heard from inside the room and when I peeked into. I saw the oak knight shake his waist.

Un... I did not see anything... I will never see it.

Lastly, I returned to my own room and asked Lumidora about what I was concerned?

“By the way, do they have a female gender in goblins race and oaks race?”

“There, but why do you ask?”

“No, I casually bought goblins and oaks, so what happens to their sexual desires?”

“I see, all the remaining goblins and oaks are male.”

“Hmm? Even though they are males, why are they increasing?”

“Because goblins and oaks can breed even with male partners. That’s why I advised the previous man to be send to the nursery.”

“U-ghh, let’s not think about it.”

“That would be better. Well then, I will take a day off for today.”

“Good work, I will ask you again tomorrow.”

“Yes”

“Kuon, let’s go to sleep soon.”

“Yes!”

Separated from Lumidora, I entered bed together with Kuon.

Eventually, I must be tired after taking 2 people as partners, until morning I slept in good spirit.

And in the morning I wake up with something touching my lips.

“Nn~... chu...”

“Hmm?”

“Good morning, my master.”

“Good Morning, Kuon.”

When I woke up, there is Kuon’s face in front of my face.

Apparently it seems I woke up with a kiss from Kuon.

“Good morning, Kyosuke-sama”

“Good morning, Lumidora.”

“I will start this morning report, goblins= 0, oaks= 3 and oak knights become 4.”

“Somehow, they decreased or is it increased?”

“Yes, yesterday a demon called Graig Bear got lost, goblins and oaks were sacrificed, but four oak knight together killed it. The points become 500 points.”

“He~e, It was a fairly strong monster, is not it?”

“Right now Kyosuke-sama may win with ease, but it might have been dangerous if when you first arrived to this world.”

“He~e~ did I get that strong?”

“Yes, LV also gone up.”

"Master's LV is still lower than me."

"Aa~ maybe so."

"Kyosuke-sama also seems to be high enough status."

“I see.”

“Well 500 points, what can I use it for?”

“master.”

“What’s wrong? Kuon.”

“I want a field.”

“Oh, it is certainly better to grow in a field...”

“Lumidora, how many points do we need for a large room to turn into field and many kinds of vegetable seeds as a set?”

“Well, even if it is too narrow it’s meaningless. It is 450 points to make a room of about 70meters square as a farm field and with seeds of different plant species, *etc.* How about 500 points with two goblins added as a bonus?”

“Somewhat, it become quite cheap?”

“It’s service only for Kyosuke-sama.”

I give points to Lumidora, made a field and to the 2 goblins which cannot become fighting force gave instructions as a field managers.

“We made farm fields. Kuon, are you ok with this?”

“Yes!”

“Kyosuke-sama, the yesterday’s elf is awake, what will you do?”

“I see, I will try to talk.”

“Certainly.”

Went to prison and talk to the elf girl whose name I don’t even know.

“Nice to meet you.”

“You! Where’s my brother and Iris!?”

“Oi oi, calm down.”

“Ku~tsu!”

“That man and Iris are safe.”

“Thank goodness...”

“One consultation, will you listen?”

“Do not be silly!”

“He~e ~... you should know if you refuse?”

“Ku! I know, what should I do?”

“Go to the town and explore the trends of adventurers and lead adventurers to this dungeon and offer me with information.”

“So, then will you spare those two?”

“Aa, as long as you do not betray me.”

“I understand...”

“I see, for now please attach it at once.”

Take a slave-collar and put it.

“You, what is your name?”

“Ellis...”

“If you betray me, you should know, what will happen?”

“I will not betray you!”

“Well then, come back every once in 3 days.”

“I understood.”

Ellis leaves the prison and steps towards the city.

“Kyosuke, is it alright?”

“Aa~ I will put on a sparrow to know first if betrayed.”

“That seems so, it would be nice if she could rope well few adventurers...”
I peep at the Iris prison, which is in different position from the Ellis prison.

“You are! What happened to Tak-kun?”

“It’s alright, still alive, it depends on you.”

“No way... Maybe Ellis-chan too?”

“It’s up to you.”

“I don’t care about myself, at least save Ellis-chan.”

“I see, good resolve!”

“Kyaa.”

Push down the iris in the prison and attacked her.

“ku~u... Nn~tsu...”

“Do you understand?”

“Yes...”

Thanks to the man who was made it to the nursery, I succeeded in successfully manipulating the two girls.

It is good to leave a man occasionally.

Chapter 09

I push down Iris and suck her breasts.
I can feel her body stiffens, but I lick her nipples without caring about that. I gradually gotten harder, I can see Iris's face rises(feeling joy) and I put my hand on her lower abdomen.

"Kyosuke-sama!"

"What's wrong, Lumidora?"

"I am sorry, it become a little troubled situation."

"Understood."

"Iris, let's do it later..."

"Uu... Hai..."(Uu~... yes...)

I left the Iris in the prison, I went outside and returned to the room. As soon as I entered the room, I noticed that there is no Kuon present.
I immediately entered the room and decided to ask what happened to Lumidora, who was in the room.

"Lumidora, what happened?"

"Yes, an intruder entered."

"Un? By any chance did Ellis has betrayed already?"

"No, she did not."

"No way, Kuon!"

"It's not that, it seems an intruded just by chance. Even orc Knights cannot do anything against them and Kuon went to buy time for now.

"I understood, I will also go."

"Please."

"I wish Tia would be here at a time like this."

"That's right, Tia-sama would just win even without fighting."

“Well, I cannot say such things, I will head there right away.”

“Yes“

I jumped out of the room and hurried to the Kuon.

Kuon is fighting intruders at a place where across 3 halls away from me.

“ke fu~...”

“Ho~ you do pretty well, If I remembered correctly were not you a slave to the kid’s party?”

“There is no need to answer...”

I decided to make the orc as a bait and cut them from the blind spot. But they are faster than I slash, a sword slashed without looking behind. I was blown off without being able to prevent it and there was a part where the Miko-fuku(Shrine maiden’s cloth) was also torn.

“Clothes that bought by my master... I will not forgive...”

“Come...”

Cooperate with two orc Knights, I attacked.

Until now the adventurers, even if 2 orc knights cannot defeat them. With my current strength gain, I could have won.

But this time it is different, he parried 2 orc knights sword attacks with a single hand and wards off my Kuodachi with the empty other hand.

“Ku~...”

“It’s a good move, but!”

“Kyan!”

Beaten with strength and blown to the wall.

When I was blown away the orc knights who I stayed together were cut in two. I can not move because I was hit by a wall against my back.

The intruder came closer to me, and raised the sword in front of me.

“I am sorry, but die...”

“Noo... my master!”

When the sword was swung down, I closed my eyes in fear.

And called for master, I decided to protect.

When I closed my eyes the sword that should have been swung down did not reach me.

“Kuon!”

“Ho~, you can stop this...?”

“master!”

Master stopped the sword that swung at me with his sword.

Master stands in front of me, he parried the swung sword with his sword.

“Are you alright, Kuon?”

“Yes!”

“Get back, I’ll do it here.”

“Hah hai!”(Ye... yes)

“Sounds good, you seem strong, please entertain me?”

Let Kuon fall behind and I faced the intruder.

Both of us hold swords and see the gap, this intruder is the strongest I have ever seen. It was such a feeling, probably I would lose if I showed a gap.

“Ha~a!”

“Fu~un!”

Swords of each other hit each other, a sharp metal sound echoed.

Both of our strength is equal, I can put force but can not push back.

“Good, really good, but that weapon.”

“Na~!”

The competing forces of each other, my sword begins to scream.

My iron sword was defeated by our strength and a crack gradually entered.

“I thought I could enjoy it a little more, well it’s something like this?”

“master!”

“Not yet!”

“Gu~!”

Escape the power to the side and kick the intruder who lost the balance. I entered the blind spot successfully, made a momentary gap and took a distance to behind.

But in my hand the iron sword with cracks, if it parried 2 or 3 times. It is visible that it would break.

“It is a good kick, but that sword.”

“Even if there is no sword...”

“I see.”

“Wa~aa!”

I took my distance, if there is no sword which can be used in infight. It's boxing style, with my strength I can make a clean hit, there should be damage.

“Naive! with such movements you will not hit.”

“Ku~...”

“Nu~un!”

“Ku~u!”

Although I tried challenging infight, it seems that the other person is accustomed to infighting. I parried with my sword with counterattacks. At that moment my sword crumbles

“It's a shame.”

“Damn!”

I was thinking with broken sword and an opponent infight has no effect. I can still fight, if I borrow Kuon's Kodachi...

What should I do? Even now to use the same hand as before, there is no Kuon's Kodachi...

“Are you done already? Then die.”

“Kuon run away!”

“Master!”

“What are you doing?”

In order for Kuon to escape, I need to buy some time for that I moved forward and hold my fist. At that time, I heard an unforgettable voice echoed from behind.

“Tia!”

“Tia Onee-chan...”

“Finally I got time, so I come to see it. What are you doing Kyosuke?”

“Do not you see it?”

“Yeah, I guess you lost to this guy.”

“It is frustrating, from now on I decided to buy proper equipment.”

“Oi, you have great courage to ignore me.”

“What are you anyway!?”

I naturally fall back to the murderous aura that comes from Tia. It looks like the intruder also effected by it and had sweat spreading on his forehead.

“For you to hurt Kyosuke and Kuon before me, it seems you want to die.”

“Woo!”

It became impossible to tolerate the Tia’s murderous aura, with his sword started swinging towards Tia.

That movement is faster than the fight with me and with my strength, I guess at best I can prevent without retaliating.

But, Tia stood there without moving a bit.

“Die~e!”

“What happened?”

“No way!”

The blade that attacked the Tia was being hit without hurting the Tia. Rather than to hurt her, even her clothes were not cut.

“Why, why cannot I cut you!”

“In the way”

“Wha~!”

Dosa-on

At the same time with the sound, the body of the intruder falls upside down and falls down.

By one swing of Tia’s arm, the adventurer who will be stronger than me. I could not do anything and was turned into a corpse.

“Totally, clothes will get dirty?”

“Tia...”

“Kyosuke! Do you have any injuries?”

“Aa~, I am fine. Kuon how about you?”

“Master-sama, Tia onee-chan!”

“Kuon, there are no injuries?”

“Yes, I am fine.”

“I see, that is good.”

Tia pats Kuon head, returning to the room as the intruder also taken down. I did not check the points in the smartphone, I knew that weapons are also important this time.

I wonder if the LV of Kuon and I went up too?

Chapter 10

With Tia who destroyed the intruder, I take Kuon back to the room.
I made Lumidora wait at the front, so she joined us on the way.

“Thanks for your good work, Kyosuke-sama and Kuon-san also are you hurt anywhere?”

“Un~”

“It was pretty dangerous this time for us.”

“It was dangerous for Kuon(me)...”

“Totally, it was okay because I came here, if it goes that way both of you may have dead by now, right?”

“Thank you very much Tia, It was really helped.”

“Very well, it’s fine! By the way Lumidora, what was up with that intruder?”

“Yes, it seems, by chance he lost his way, a high ranked adventurer.”

“Oh, he was certainly strong, is there many such high ranks in the city?”

“I think, the previous one is probably B-rank adventurer, if it is an A-rank adventurer, even Kyosuke-sama might...”

“Is there such a difference?”

“It is hard to say, but, B rank to A rank gap...”

“I see, if I do not become strong, it would be dangerous...” (Kyos) “That’s right, so what happened to the point?” (Kyos) “A~, wait a moment.”

Check the smartphone to see the points, because I removed all the equipment and carried it.

It should have only the point of the intruder himself, but when I looked into the screen and I was surprised.

“What’s wrong, Kyosuke?”

“Oh Tia, I have 7000 points...”

“Your master is amazing!”

“He~e, It’s not a points you get normally.”

“I should say, as expected of a B-rank adventurer?”

“B-rank great.”

“He was strong.”(Kuon)

“By the way, Lumidora, What about casualties? What happened to the orcs?”

“About that, except for one orc, one orc knight and 2 goblins on the farm, there are none left.”

“Ua~ there are a lot of casualties...”

“So, what about the points?”

“So, what about that point?”

“Let’s see...”

I want a weapon, but I also want a demon to protect the dungeon.
But when a strong adventurer comes just like this time, it worries me with a weak monsters, it would not be a talk.

“Tia, what do you think?”

“Is it equipment or a familiar?”

“Yes, yes.”

“Let me see, Lumidora, tell me the low point of the demon that can handle C rank adventurers.”

“Certainly, it is Orc General 2500 points, Blue Lizardman 3000 points, Hellhound 3000 points, etc.”

“Hmm, what do you recommend?”

“As you know, the orc species have that fertility, Blue Lizardman has Swordsmanship 2.

They can use swordsmanship, Hellhound can fight enemies with their agility. ”

“That’s it.”

“Do not worry...”

“You just buy a cheap orc general for the time being, and should increase it’s numbers?”

“Oh yeah, okay... Luomida, please summon one orc General.”

“Certainly.”

Immediately the lumidora summoned orc General and orc General kneels before me.

I asked the orc General to seed the nursery, and turn the orc to the dungeon’s patrol. Goblins will continue to cultivate crops in the field “Next equipment...”

“Although, it is the equipment of the previous adventurer.”

“Ah~ if you say that, there was that!”

The equipment of the previous adventurer was carried to the room and spread them around.

There is a sword in which the blade is slightly missing, armor whose body is lost and Gauntlet. In addition there was a Gleeve.

“Can I use it?”

“Eh?...”

“No, ano...”

“Tia made mistake in adjusting...”

“Au~...”

“Oh well, it cannot be helped, can this sword be useful?”

“Well, I’ll repair it with 100 points.”

“Is it worth the fix?”

“I think that it is, this sword is made of mythril silver so it is an expensive thing.

Other equipments are of black iron, so I am selling them and they do not suit the size either.”

“Then sell armor, then repair the sword, please.”

“Certainly.”

“then, what about Kuon’s clothes?”

“Ha~, wa hi~i!”

Did she think that I may get angry because the clothes I bought got torn?
Kuon begins to trembling ‘bikubiku’ while watching at my face.

“It’s alright, show it to me because I am not angry.”

“Yes...”

I patted her head and made her calm down.
And look at the Kuon’s Miko-fuku, in the previous fight must have torn and skin is exposing at some places.
It seems that there was barely not even a scar from injuries left on the skin.

“These clothes are useless ...”

“No way~.”

“It seems, It’d be better to buy new ones.”

“Wait a minute.”

“Tia-sama, what happened?”

“certainly, it is possible to make from materials, right?”

“Yes.”

“Then, let’s make the same clothes with this.”

“Certainly, let me take them.”

Lumidora receives the cloth and the cloth disappears to the sky.
At the same time points were decreased by 2000 points.
In addition, my equipment also had Tia giving up the material and 2000 points were decreased.

“Thank you, Tia”

“Beside, just because I do not want Kyosuke to get hurt...”

“But if the material is the same clothing as Tia, it seems to be quite strong.”

“Not really?”

“Eh?”

“Because this material, it becomes stronger in proportion to your strength.”

“Ua~”

“Well, Kuon will also be more durable clothing than black iron material.”

“Awesome...”

As expected of the material Tia brought, with this Kuon also safe.

But, what should I do with 500 points...

“Next 500 points...”

“You do not have to use by force, you know?”

“That’s right.”

I decided to leave the points as a result after thinking a lot, I asked Kuon for dinner for the time being.

Start talking with Tia...

Chapter 11

After finishing the meal made by Kuon and I soak in the bath together with Tia. For the time being, Tia finishes her work in a hurry and came back.

“Is your work already over?”

“For the time being, but I will have to return again.”

“I see, as I thought busy, aren’t you?”

“Even so, because I am a goddess.”

“That’s right.”

Embracing Tia and massaged her chest in the bath. It is like absorbing my hands with a touch and it felt very familiar.

“Fuff... Aa~... what did you...nn~.”

“No, it felt too good.”

“Even so..... No don’t... Aa~...”

“Tia, you are cute.”

“Wha... What are you sayin... nfu~.”

“Yoshi! Let’s go to bed!”

I embrace Tia and left the bath, by carrying Tia in a princess carry hold and as it is I put her on the bed.

“Is it good?”

“What are you saying now, even if I refused, you would do anyway, do not you?”

“You know well.”

I put Tia’s modest chest in my mouth and my hand reached to her lower abdomen.

There, it was already wet and the nipples gotten hard.

“As ever, Tia is easy to turn-on.”

“N~... different... It is because... Kyosuke ... Aa~.”

“But, it is this guchaguchada yo?”[it is this wet.] (guchagucha — wet sound)

“Nn~... Aa~... ku~u~.”

“Here, see.”

The hand that put in Tia’s that place and teased and showed her my hand that was coated with Tia’s love juice and sticky treads of love juice is flowing from my hand when I spread it.

Tia takes my wet hand to her mouth and licks it.

“Nn~... chu... picha...”

“Is it already good?”

“Come, Kyosuke.”

I put my son against Tia, I slowly push my back and move deep inside to reach deepest parts.

My thing pushed through the Tia’s inside and headed to the back of Tia and reached her uterus.

(Translated by Novel 44)

“Ku~... Aa~... Oo~ ku~u.”

“Ku~ it feels too good.”

“I also... good... Kyosuke~e...”

“Ha~a ha~a... ku~... Tight!”

“Nn~... so deep... feels good...”

“Uo~o!”

“Aa~... don’t... cumming...”

“‘Ah’ I also, together!”

“Come Kyosuke, Aa~... I am cumming!...”

“Ua~a~a~a.”

I put a lot of sperm inside Tia.

Next moment after I cum inside Tia, her insides move and squeezes my thing as if do not want to let go of anything out.

“Wa *ahaaha*~a...”

“Come, Kyosuke.”

“Come, Tia.”

“Kyosuke!”

I embrace tears while I’m inside, I stroked her head.

Looking at the Tia who seems to be happy.

I thought that, I can not win against Tia~.

While wrapped in that happiness, I sleep with Tier.

“Ku~ it’s already morning?”

“Uni~yu *kiyousuke*~e~.” (still sleeping) “Oh, did you sleep well? You have a happy face.”

I rubbed sleeping Tia’s hair and looked at the connected part of Tia’s lower abdomen.

My sperm flowed out and it was solid.

“N~u~ Good Morning Kyosuke.”

“Good Morning Tia.”

“I’m going to take a bath~.”

“Be careful.”

With ‘furafura’ foot steps, Tia headed towards the bath. After seeing off Tia to bath, I called and asked Kuon to make ready breakfast. In the meantime, Lumidora also came to the room.

“Lumidora, I ask for today’s morning report.”

“Yes, the familiars are orc General is 2, orc Knight is 2, orc is 1 and Goblins are 2.”

“orc generals are increasing up steadily, goblins should have to work hard on the farm fields, What happened to the Ellis’s side?”

“She is doing information gathering in the town without betraying, but it seems that this dungeon was exposed to the town before Ellis arrived there.”

“I see.”

“I think that this dungeon is acknowledged by the adventurer guilds and in the near future, it becomes the target to be captured.”

“Until then, I hope they do not make a move...”

“Shall I lend you points?”

“Tia-sama!”

“What do you mean to lend points?”

“It is good, that I lend my points to Kyosuke.”

“Certainly, I want points, but I do not want to depend on Tia more than this ...”

“What happened? Kyosuke-sama.”

“It’s good, I have to work hard to earn, with Tia’s string I may look uncool.”

“That’s why, it’s Kyosuke.”

“That’s it, Kyosuke-sama!”

“Master-sama, as expected!”

Even though I just said normal thing, somehow, praised by three people makes me feel strange.

I don’t know when Kuon finished preparing the meals and joined together to praise me.

“That’s right, Lumidora, what happened to that thing that asked you yesterday?”

“Yes, it took 300 points but I did it.”

“Then, later I will go to see it.”

“Yes.”

“Well then, let’s eat before it gets cold!”

Four of us ate the breakfast prepared by Kuon, change the desk to a little big size and we have chairs, so we can have meals with 4 people together.

“By the way, what has become of our clothes?”

“We have completed everything.”

“O~ Let’s quickly change and see.”

I and Kuon began changing clothes, because there is no room to change, so we change as it is.

It’s just embarrassing as the three gazes are concentrated on me.

Well, I am looking at Kuon’s changing, I am enjoying modest breasts and pretty buttocks.

“How is it?”

“It looks good on you.”(It suits you.) “You look good, Kyosuke-sama.”

“Your master, as expected!”

“Kuon also well suited.”

“That’s right, it’s cute, Kuon.”

“It’s cute, Kuon-san.”

From tattered Miko-fuku to new Miko-fuku changed Kuon ‘kururito’ turns around.

I also changed clothes, before I wore armor but now black pants, shirt and red jacket. For Kuon and myself for easy to move wear boots.

“Oh, it’s light and easy to move, it’s totally from the previous armor.”

“It’s smooth and it feels really good.”

“That’s for sure, but you two should get strong or it cannot show it’s real ability.”

“That’s right, we should get much stronger...”

“I also do my best!”

“Oh that’s right, Kuon come here.”

“Yes!”

Tia puts her hand on Kuon’s head and starts stroking her head.
And muttered something, Kuon wrapped in light.

“This will be fine.”

“Tia onee-chan, what is this?”

“Tia, what did you do to Kuon?”

“I just blessed her with my protection, because Kyosuke already has protection.”

“Did I become stronger?”

“That’s right, now Kuon became as strong as B-rank adventurer.”

“Oh~.”

“Thank you!”

“Kuon, protect Kyosuke while I am away.”

“Yes!”

“What? About me?”

“Since, Kyosuke raised LV, you should be able to win against B-rank opponent.”

“If A-rank comes, what should I do?”

“At that time... Lumidora will...”

“Me!?”

“No way, Lumidora! You still have not made a contract?”

“Oh that...”

“It was a miscalculation, I thought, if it’s Kyosuke, should already done it...”

“What are you talking about?”

“It’s nothing...”

Without knowing me, the story is proceeding on it’s own between these two.
I left the 3 people who are friendly talking to each other and headed to the

prison. When I reach the prison, I hear a low voice as well as a muzzled sound.

“Ku~... Aa~... Cum...”

When the owner of the voice is about to cum the machine stops.

“No, please let me cum!”

And then again the machine sounds echoed and attacked the girl and again when she was about to climax it stopped. Like this process continued since yesterday.

It is about time.

“Iris, it seems good.”

“Aaa~, let me cum...”

“Have you broken already...?”

I removed the toy that Iris is wearing and put my son inside of Iris. And at the same time, I put it all the way in, of course she was wet from yesterday and ready to go.

“Did you want this?”

“Yes! I wanted this!”

“This nympho!”

“I don’t mind being Nympho, let me cum!”

I stop shaking my waist and stops Iris from cumming. When I cease movement Iris begins to move her waist and pleads to make her cum.

“Let me cum, do not stop...”

“Iris, I will let you cum only if you become mine.”

“I will, I will become so let me cum!”

“Okay, cum!”(ike)

“Ah, Dameiku! Ah ah oh ah ah ah!”

When I shake my waist violently, the Iris starts cramming with love juice and starts cumming.

Even though Iris came, without stopping my waist, I shake it more violently. After Iris cummed many times, I put my sperm into Iris at the same time she reached climax.

“Aa~... I came...”

“Oh, with this Iris, you are mine.”

“Yes... I am Kyosuke’s thing.”

“Come along”

“Yes...”

Although she was a bit fluffy, the original was an adventurer and Iris came along with me.

When I returned from the prison to the room, I saw the nurse’s room. There Orc General was shaking his waist vigorously, the opponent was Iris’s ex-boyfriend, who put I in the nursery. Iris also caught a glance with a sideways eye, but came without saying anything.

“Iris, is it good?”

“Yes, I already dedicating my body and mind to Kyosuke-sama.”

“I see...”

Move to the room as it is, returned to Tia and others.

“Finally got back.”

“Have I kept you waiting?”

“Not really, who is she?”

“Oh, one of intruders, I made her mine.”

“Yes, I became Kyosuke’s thing.”

“The number of women are increasing as it goes down...”

“Tia and Kuon are the most important.”

“Same as Kuon is a little subtle, but it is nice to be the first.”

“It is the same as Tia-sama.”

“I...”

Tia and Kuon are pleased, somehow Lumidora depressed.

I used 200 points to buy Iris clothes, put on a piece of clothing made in time.

This dungeon was exposed to the adventurer guild, the number of adventurers coming to the dungeon will also increase.

If so, I should be able to earn more points from that, as Tia and Kuon are also there.

As orc general increases in number, it becomes fighting power.

For a little while, if weak adventurers come, it would be good for earning points...

Chapter 12

I introduced Iris to Tia and let Kuon take care of her. With the Kuon's current strength, even if by chance something happened there is no way she would lose to Iris.

Even Ellis for now did not betrayed and as scheduled, she will return here tomorrow. I wonder what will happen if Ellis looks at the current appearance of Iris.

"Master-sama, Iris-san is ready."

"Sorry to make you wait."

"He~e, although made them in a hurry, but I guess it really suits you well." (clothes) "That's right, it's looks good."

"It suits you."

"Thank you, everyone."

"Is it Iris, even if by any chance you betrayed Kyosuke, I will kill you..."

"Yes, of course, all of mine belongs to Kyosuke-sama."

"If so, that's fine."

"What's wrong, Tia?"

"It's nothing, Kyosuke I will soon return, I will come back when I can make some time again"

"Oh, I'll love you at that time."

"What are you talking... It is natural..."

"Did you say something?"

"Nothing!"

"If so, it's fine, come back quickly."

"I will."

She waved her hand to me, Tia's appearance disappeared.

Those that are left behind, Kuon embraces me, Iris and Lumidora stands next to me. It is as if flowers on both hands, it would be even better if there is Tia...

“Lumidora, how about the dungeon?”

“Yes, for now there are few monsters that entered, but there are no signs of any adventurers entering.”

“Is it fine with monsters?”

“Yes, because it was an orubear and gray Dog. Orc general already went and dealt with them.”

“I see, by the way, what about the points?”

“Obtained 400 points.”

“What is the situation of vegetables?”

“If there are 2 days, I think, we can get harvestable vegetables that are ripe.”

“He~e, growth rates are fast, let’s Kuon make delicious cooking.”

“Yes, I’ll do my best!”

“I will also help.”

“Can Iris also cook?”

“Yes, in the party, I and Ellis always cooked.”

“I will look forward to it, then I leave it to both of you.”

““Yes!””

As it is, I let those 2 make dinner and 4 of us ate it. Just as she said, the things that Iris made were as delicious as Kuon’s cooking. My future enjoyment has increased by one. And then tonight as it is on the floor I partnered with Iris and slept like that.

“Nn~... chu... ha~a...”

“Juu~... ji~yubo... ji~yuru~...”

I get a soft feeling on my lips and I shallowly wake up.
And there is a warm feeling on the lower body, it made me wide awake.
Iris kissed and Kuon was moving her head violently with my son in her mouth.

“Ku~, Kuon I am cumming...”

“Fua, please give me a lot.”

“Ua~a~a!”

“Nn~ ji~yubu... gehogeho...”

In the morning, I put my semen into the mouth of Kuon, after swallowing it, she looks at me with ecstatic expression, I gently stroke the head of Kuon. I will answer Iris’s kiss.

“Good morning”

“Good morning, master-sama”

“Good morning, msater-sama.”

“Kuon, you did well in drinking everything.”(yoku zenbu nonda na) “Yes!”

“Then, let’s have breakfast.”

“I will go and prepare it.”

“Yes!”

I asked Kyon and Iris for breakfast, arrived at the table and confirmed the smartphone, Lumidora also comes to the room.

“Good morning, Kyosuke-sama.”

“Good morning Lumidora, I ask you today’s report.”

“Yes, last night was peaceful without any monsters and intruders, at present we have 4 orc generals, 3 orc knights, 1 orc and 2 goblins.”

“If this is the case, against ordinary intruders can be affordable.”

“Yes, and I have a post report.”

“Hmm?”

“About intruders, five of them are currently headed towards this place.”

“What? isn’t that bad?”

“No, because the rank of the intruders are equivalent to C rank, let 4 orc generals face them.”

“I understood.”

I confirmed immediately from the smartphone, that it was a 5 membered party with 4 men and 1 woman. The woman is also not cute and equipment is also subtle. I immediately gave orders to orc generals.

“Spare woman and move her to the nursery and kill all men.”

“Certainly, I will make men into points.”

“Please.”

“Master-sama, preparations are ready.”

“Yoshi, let’s go for a meal.”

4 of us arrived at the table and started eating.

By the end of our meal, the other end of intruders are done for, the woman was moved to the nursery and the men and the equipments are converted to the points.

“Kyosuke-sama, Ellis has come back.”

“Okay, let her through.”

“Yes”

I called Ellis to the room, who came back and let her meet with Iris. Iris leaned on me and stared at Ellis.

Call Ellis back to the room and meet with the iris

Iris lowered on me and stared at Ellis “Is that! Iris?”

“Welcome back, Ellis-chan.”

“You returned well, how about the city?”

“Before that, why is iris here?”

“Why, because Iris wished for it.”

“It can’t be! Iris has my brother!”

“Is that so?”

“No, right now Kyosuke-sama is here now.”

“She says.”

“Something like that ...”

“Ellis-chan also, let’s enjoy with Kyosuke-sama.”

“Iris, stop this at once!”

Iris starts to take off Elise’s clothes, I controlled Ellis’s movements with the slave collar that I put on her, without resistance her clothes are taken off. As I have instructed the iris, it will become a Lesbian play as it is. I while watching that I took a cup of tea. In the mean time should I play with Kuon?

Chapter 13

I can hear 'picha picha' water sound, along with water sound a muffled sound and a lustrous sound resonates.

"Nn~... Aa~... fu~a~."

"Picha Picha... Ellis-chan, is it pleasant?"

"Kuffu~... wait... Iris... Noo~..."

By relaxing with Iris and Ellis's lesbian play. I started flirting with Kuon by not touching her sensitive places by rubbing her thighs and without touching Nipples rubbed her chest. The face of Kuon became red and breathless with excitement, but I did not insert my thing.

"Master-sama..."

"What's wrong, Kuon?"

"It is painful for Kuon..."

"I see, but you must have patience."

"Yes..."

I continue to tease Kuno like this, while seeing the actions of the iris and Ellis. Well, my son is ready too, it points to heaven like it was saying wants to enter quickly but I will endure it. The insertion is a pleasure for later.

"Ku~... Aa~... Don't... Irisu~..."

"Aa~... good... Elise~..."

"Aaa~... There... Uu~..."

When I see at the Iris and Ellis, Iris attacks Ellis and entangles her feet with Ellis, rubbing the pubes against each other. It's been a while since I stopped controlling movements of Ellis, she was moving with her own will, even though she will never admit it herself.

"Master-sama, are you feeling good?"

“Aa~ Kuon it feels good, will you do more?”

“Ah... Nn~... Yes...”

I made Kuon give me a blowjob , In addition to caress the chest and rubbing the thighs. Of course I made sure to not to touch sensitive parts directly. Kuon moves her body for the stimulation, but I avoided that and kept on teasing her.

“Master-sama, Kuon already...”

“Oh right, if Kuon will make me cum and drink all the semen, I will let you cum.”

“Yes...”

Jubujubu and even more fiercely attacking my son by Kuon. To that Kuon, I also continue teasing. Iris and Ellis’s actions also become more intense and the end seems to be approaching.

“Ah... Ellis... Aaaaaaaaaaaaaa~...”

“Aa~... no... no more... lku~...”

“Ku~iku Kuon!”

“Nn~... Fu~... go fu...”

At the same time the Iris and Ellis cums, I came inside Kuon’s mouth which she swallowed and see my face. Iris and Ellis as it is lost their consciousness. I pat Kuon’s head and lift her body and inserted her while slowly lowering her.

“Master-sama, Aa~... I can’t... I am cumming already... Ku fu~...”

“Kuon, move by yourself.”

“Yes... Aa~... it feels too good and my head goes...”

“Good Kuon, Ku~!”

“Oh ... it’s useless... I am cumming...!”

“I am cumming Kuon, take it!”

“Aaaaaaaaaaaa.”

Kuon bends her body upwards like a Bow and climaxed. I also put a lot my semen into the Kuon’s womb.

“Wa~a ha~a ha~a.”

“It was good Kuon.”

“Thank you very much, master-sama was also the best...”

Breathing roughly on me and I stroke the tail of Kuon who can not move with embracing.

“Kuaaaa... master-sama... tail... I just came... Oh ...”

“What Kuon? By touching your tail, will you cum?”

“Yes, if Kuon was touched by master-sama, I will cum merely by the tail.
Nympho desu~...”

“To such Kuon, it’s punishment!”

“Oh no! No! At the same time with the tail... ah... not ears...”

When I heard Kuon’s cute voice, my son regained it’s energy and without pulling out of Kuon, chewing her ears and stroking her tail, I started to shake my hips.

“Aa~ dont... I am feeling too good... I will become strange...”

“Ku~! Kuon, you gotten better at tightening!”

“Oh no... I will cum!”

An obscene sound is reverberating in the room.
By simultaneously attacking the tail and ears, the amount of love juice of Kuon increases and my sperm is also flooding together.

“Master, master-sama.”

“Kuon!”

“Ah don’t..... It’s impossible... cumming...”

“Cum Kuon... Kuhaa.”

“Don’t, I will cum, itchchau ah ah oh oh oh ...”

I pushed my waist and released my sperm inside Kuon. When I look at Kuon, her stomach is slightly inflated due to the amount of the semen. I slowly removed my penis from inside the Kuon, a white liquid flows out of Kuon, which

is erotic. I would like to do third time, but I feel sorry to make impossible for Kuon. So I carried Kuon to the bath.

“Master-sama...”

“What happened, Kuon?”

“I am happy...”

“Suddenly, what’s wrong with you?”

“I was kidnapped, at that time I saw that my village was burned red and I became a slave without my will. And then those men bought me. If those guys did not get lost and bring me to this dungeon that day... I without fail gotten raped and toyed around by them and I would not have felt this love now...”

Kuon appealed to me with tears in his eyes, Kuon is still a little girl. She probably endured it till now. Until Kuon calm down I embraced her and stroked her head.

“Hi~... gusu ~...”

“Kuon, you have worked hard, you are no longer a slave but my family.”

“Master-sama...”

By hugging Kuon and removed the Slave collar, it is no longer necessary for Kuon. I have to give her an alternative...

“Kuon, from now on take care of me.”

“Yes... lifetime with master-sama...”

“Oh, I will not let you go, even if you say do not want to.”

“Even if master-sama says that I am not needed, I will not leave.”

“Nn~... Chu... ha~a...”

To ascertain each others feelings, we intensely devour each other and then release our lips at the same time and laugh at each other.

“Yoshi, let’s go out.”

“Yes, your master!”

“Kuon, can you stop calling me master-sama and call me by name?”

“Kyosuke-sama?”

“No, without sama.”

“Kyosuke-san...”

“Kuon...”

Suddenly changing the way of calling, with embarrassment both of their faces turned red.

“Then, let’s go.”

“Yes.”

Both of them left the bath and return to the room. In the room in addition to Lumidora, just woke up Iris and Ellis were waiting.

“Ara Kyosuke-sama, Kuon-san... Well, it is good for you Kuon-san.”

“Yes!”

It seems that Lumidora knows about Kuon and somehow see me with a good smile.

Well I am a little embarrassed but nods with a smile.

Kuon also seems to be more happy than ever and I also do not regret it.

I asked Lumidora-san to prepare a ring, by keeping it a secret from Kuon.

Thanks to the intruders from yesterday, points are affordable. I asked for status rising ring, so points became empty... With 4 adventurers and equipment there is 3000 points, it became 500 points and I am not regretting.

Although there is no regret, need to use by planning...

Chapter 14

Called by Lumidora and when I tried to leave the room then Kuon made a lonely face. I stroked her hair and said I will return immediately. I went outside.

“Kyosuke-sama, the ring is ready.”

“Thank you, Lumidora.”

“It is here, it would be nice, if Kuon-san would be happy to receive it.”

“That’s right, I hope she would be happy...”

“It’s okay, if it’s Kyosuke-sama’s present, I think Kuon-san would be happy .”

“That’s right, then I’ll go for now.”

When I returned to the room, Iris and Ellis were called by Lumidora and took them out of the room, I went to Kuon and took her hand and put the ring on her. She was surprised for a moment and then started to cry.

“O... Oi Kuon...”

“I’m sorry...”

“Why are you apologizing while crying, don’t you like it?”

“It’s not that, I’m happy...”

“Kuon...”

I hugged the Kuon who was crying and stroked her head until she stopped crying. When she stopped crying, her face turned red and lifted her face up shyly and looked at me.

“Kuon, this our new bond from now.”

“Yes... I will take care of it for life...”

I kissed her lightly on her lips. I called back Lumidora and others, who are Iris and Ellis.

“Ellis, give me situation report”

“Yes, when I returned to the town, the information on this dungeon was already known to the adventurer guild. It seems from the information it is a small dungeon and was good for fledgling adventurers.”

“I see, Lumidora, with current state of the dungeon, against fledgling adventurers, how far can it endure?”

“Let’s see, with orc general and orc knight alone can handle 5 teams... If we include Kuon-san and Kyosuke-sama we can handle with ease up to 15 teams.”

“I see, Ellis, upto which rank could be called fledgling adventurer?”

“Upto C-rank is called fledgling, B-rank is medium, A-rank is high and S-rank is called hero or brave.”

“Hmm, then it’s fine for now.”

“I will protect Kyosuke-san!”

“Kuon, I do not want Kuon to get hurt.”

“Ha~hai...”

“Aa~, please don’t flirt here...”

“Oh~ my bad, my bad.”

“Sorry, Lumidora-san...”

“It seems, you had consciousness that you are flirting...”

When we are talking, alarm resounded from smartphone. Apparently there seemed to be some intruders, I sent 2 orc generals right away and start watching the intruders from the screen of the smartphone.

“There are 2 parties with a total of 11 intruders. Let’s send 2 orc generals and orc knights to deal with them.”

“Certainly.”

By looking at the situation, orc general have already dealt with 6 member party. One of the orc generals was defeated by the 5 member party and are struggling.

“A general should have the strength to fight with a B-rank, right?”

“Ha~hai, since there are 2, should be able to win against one B-rank...”

“Then, all 5 are B-rank...”

“Maybe...”

“Kuon, can you fight?”

“I can at any time!”

“Iris and Ellis also come. But, give us support from behind.”

“Yes!”

“I understand.”

Together with Kuon, Iris and Ellis, I headed towards the adventurers. When we reached there, 2 orc general had fallen with little breath. Since, there is nothing left when they dies like this, so I killed them and turned them to points. Once, I kill them I got back 4000 points of those 2 monsters and it was not a minus.

“Oi! what are you doing to our prey?”

“No, if they die like that it will be a minus for me and also, I want them to become my experience points.”

“Ah? What do you mean?!”

“This is what it means...”

As I raised my hand, the Ellis who was hidden releases an arrow into the man’s eyebrows. Ellis seems to be good at the archery and Iris was also ready to shoot magic at any time. Kuon also pulls out the Kodachi(short sword) and faces the intruders.

“Teme~e!”

“Just now, where did the arrow come from?”

“I will take that fox...”

“Even though I am here...”(Kyouusuke) I felt a different atmosphere from one of the remaining four people.

It is dangerous to let Kuon to fight him, it seems I have no choice but to do it.

“Kuon, can I leave those three people?”

“Yes!”

“Iris, Ellis both of you support Kuon.”

““Yes!””

“I will be your opponent.”

“He~e~, you will be my~ got guts...”

I also pulled out my sword and took the stance, he is obviously different from the opponents I have fought so far. As his figure disappeared from my front, I also swung my sword accordingly and 2 swords collide with each other and make a sharp metal sound.

“Able parry this, who are you?”

“I am the master of this dungeon.”

“Hou~ master himself would come out. My name is Luiza, I will get this dungeon’s treasure by killing you.”

“I see, then I’ll kill you and get points.”

By naming ourselves and our purposes, Luiza swung his sword towards me and by avoiding it, I aimed at his chin with my legs. But it was avoided by him by moving backwards.

“Nice.”

“Damn, I thought it would be a good counter... It’s fine, I will stop thinking deeply.”

I took distance at once and swung the sword, Luiza also swiftly swings his sword according to my sword.

My speed raised steadily.

“ku~tsu! It will become much faster!”

“Uo~o~o~o!”

“Ga aaaa!”

I don’t know how much time had we parried. It felt like even an hour had

passed by. As the time passes, my attack speed gradually goes beyond the speed of Luiza.

“This is the end!”

“Na~! Guaa!!”

Finally, my sword attack that completely exceeded the attack speed of Luiza cuts his arm, Luiza holds his injury and fell down on his knees and collapsed. It was the moment, my victory was decided.

Chapter 15

Luiza holds his injured arm and fell down on his knees and lost his consciousness. I was worried about Kuon and looked around to see the situation of Kuon and others. It seems I was worried for nothing. Although it was same 3 vs 3, it seems our side is above.

Well as long as Kuon is there, we will not loose easily.

“Good work, Kuon.”

“Yes!”

“Do you have any injuries?”

“It’s all right, because the opponent was weaker than I thought.”

“Is it so?”

“Yes...”

Ellis replies to my question. When I look next to me, Iris nods vertically with a speed as if her neck may break.

“The previous 4 are D-rank adventurers. I remembered them when they joined adventurer guild at same time as us.”

“I see, but if those 4 are D-rank then who was the one I fought now?”

“Although it is a speculation, it might be a C-rank promotion quest and the adventurer who Kyosuke-sama fought might be an examiner...”

“Examiner... So, what do Ellis think?”

“Are you trusting me?”

“Aa~, if you want to betray me, you would have done it already.”

“Yes... if the examiner do not return, probably guild may dispatch high ranked adventurers by designating this dungeon as dangerous.”

“I see... for the time being let’s get back to the room.”

“Yes”

We quickly returned to the room and began quick meeting with Ellis and Lumidora. Since Iris and Kuon could not help in this strategy meeting, I have them cook meals.

“So, if this dungeon becomes a dangerous designated dungeon, what is the minimum rank of adventurers may come?”

“Hai(yes), even if it says dangerous designated, there are only A to D rank are available. I think this dungeon will be ranked D and only adventurers B-rank or above may enter.”

“I see, B-rank... What rank would that guy be?”

“I think, probably B-rank, The best adventurers in that town are A-rank, there are only 4 A-rank adventurers and out of the town for other quests. So, I think only B-rank adventurers will come.”

“I understand, if B-rank adventurer parties comes, it might be hard to deal with current strength. What do you think, Lumidora?”

“That’s right, since orc generals became 2 again. I think, in the current situation, if Kyosuke-sama and Kuon-san do not fight they will be defeated easily.”

“Well... Do you have any other plans?”

“Orc generals will become 4 by tomorrow. But, even if the generals are increased by numbers with the current situation it might not be much help. Since, there is only one layer of this dungeon.”

“I must do something...”

“Kyosuke-san...”

“What is it, Kuon?”

“How about checking points?”

“I see!”

When Kuon said I immediately confirmed the points with the smartphone and I was astonished.

“15,000 points...”

“Increased by a lot.”

“As expected of Kyosuke-san!”

“But, why this many?”

“Calculations are over, 4000 points from 2 orc generals, 2000 points for the intruders who were defeated by Kuon-san, 7000 points for the intruder who defeated by Kyosuke-sama and the intruders who were killed by orc generals are 2000 points. As expected of A-rank adventurer.”

“Lumidora, how many points do you need to increase 2 floors?”

“Yes, it will be 9000 points.”

“Just like orcs, find monsters with high reproductive rate and can be bought with current points.”

“Yes”

“Ellis immediately return to the town and see the state of the adventurer guild. If there is any movement, let me know through familiar.”

“I understand.”

Lumidora looks for something like a catalog and Ellis goes to the town from dungeon.

Kuon and Iris had been preparing meals.

“Kyosuke-sama, I found it!”

“Please say.”

“Yes, it’s an orc lord who is the king of the orcs. One can be bought at 5000 points and a Garumu at 8000 points, which can give birth to a lot of children at once. But, this is from the discount with my power.”

“Is it good?”

“If this dungeon is gone, I will lose my job...”

“How many days does a Garumu be born?”

“If there is one month...”

“Then orc lord!”

“That’s right...”

“What’s wrong?”

“No, that look a bit...”

“Well, just give up this time.”

“Yes.”

Lumidora immediately summoned an orc lord and took him to the nursery. There were 2 new women in the nursery. Perhaps they are the adventurers, who were defeated by the general, incidentally lord headed for... I immediately returned to my room.

“I am back.”

“Yes, with this we will have two lords by tomorrow. Also the generals will also increase by double. We will be able to respond in a few days.”

“They will soon multiply and it is convenient with orcs...”

“That’s right, only if that look and smell do not exist...”

“Yeah, you’re right...”

“Kyosuke-san, meals are ready.”

“Thank you Kuon, what did you make today?”

“We used the ingredients that were originally purchased by Kyosuke-san.”

“Oh!”

“Kyosuke-sama, what is this?”

“This is something called curry in my former world. Kuon, have you cooked rice?”

“No, I only have prepared bread.”

“That won’t work! Yoshi, let’s cook rice quickly!”

Immediately boiled rice and started preparing for the meal. Once rice is boiled without waiting for it to let our steam. I served the rice and curry to the number

of people and sat on the seat.

“Okay, let’s eat”

“Yes!”

“It’s delicious! It’s this taste! It’s good even with potatoes, as expected of Kuon!”

“Thank you, then I also.... It is delicious!”

“Great, is this the taste from Kyosuke-sama’s world...?”

“Well, thanks to Lumidora, we were able to stock seasonings from my world.”

“If there are points, we can purchase as much as possible.”

As long as I give Lumidora points she may be able to purchase heavy weapons. However, it is a delicate point when asked if I need it now...

“That’s right Lumidora, can you make this smartphone’s screen bigger for 1000 points?”

“I understand...”

Immediately the Lumidora begins searching the catalog and gives me several choices. I chose something like a tablet among them and installed it.

“With this, it is easy to see.”

“I agree...”

“Oh, Kuon for a bit look here.”

“Yes?”

By calling Kuon and looked at the tablet. And took a photo of her from the camera app.

“eh?”

“Un~, just as I thought Kuon has a good photogenic face.”

“Photo?”

“Oh yeah, this is what it is.”

I showed photo I just took. Kuon also surprised by her own photo that was on

the screen.

“That’s amazing, Kyosuke-san!”

“Is that so?”

“This is amazing, is not it?”

“Lumidora, you too do not know?”

“Yes, I saw such a technology for the first time.”

Today, it was a lively until late at midnight with photos and curry.
Thanks to Lumidora’s service, I was able to make Kuon, Iris and Ellis’s rooms.
Because each room was made, I went to each room after taking a bath.
